

SAIRAC

The South African Institute of Refrigeration and Air Conditioning

www.sairac.co.za

Dear SAIRAC Members & Industry Associates,

You are invited to SAIRAC Cape Town Centre Technical Talk on Tuesday, 16 April 2024 at 18h30

TOPIC: Dunham Bush presented by Juan Burger

Juan Burger started his career at Telkom's HVAC division which provided him with a solid foundation and invaluable insights into the intricacies of the industry, where he spent 15 years honing his skills and expertise in heating, ventilation, and air conditioning systems. His career took a significant change when he transitioned to Panasonic Airconditioning, where he served for 13 years, initially as a Regional Technical Manager and ended up as Divisional Manager.

Seeking new challenges and opportunities for growth, he made the strategic move to Daikin and over the course of 9 years, he resumed roles of increasing responsibility, first as National Accounts Manager and later as Branch Manager in Johannesburg.

With his experience in the HVAC sector, he joined Dunham-Bush International, relocated to Cape Town in October 2022 and played a key role in setting up Dunham-Bush International's Cape Town branch, which was inaugurated on 1st February 2023. Town, which opened its doors on 1st February 2023.

SYNOPSIS

"Innovating Comfort" delves into Dunham-Bush's pioneering contributions to the HVAC industry, focusing on its flagship product, the Vertical Screw Compressor and its comprehensive product offerings in South Africa.

At the heart of Dunham-Bush's innovation lies the Vertical Screw Compressor, a cutting-edge solution designed to optimize efficiency and performance in commercial and industrial air conditioning systems. The narrative explores the technological prowess behind this revolutionary compressor, highlighting its ability to deliver superior cooling capacity while minimizing energy consumption and environmental impact. Through meticulous engineering and rigorous testing, Dunham-Bush has positioned the Vertical Screw Compressor as a cornerstone of comfort and sustainability in HVAC applications.

Join us as we present to you a comprehensive overview of Dunham-Bush's product portfolio in South Africa. From chillers and air handling units to fan coil units, Unitary Units, Rooftops and VRF systems. Dunham-Bush boasts a diverse range of solutions tailored to meet the unique needs of the South African market.

Venue: Parow Golf Club – Upstairs Meeting Room, Frans Conradie Drive, Parow.

Date & Time: 16 April at 18h30

Please RSVP to: capetownsecretary@sairac.co.za / 062 085 4054 no later than 12h00 on 15 April 2024
