

SAIRAC

The South African Institute of Refrigeration and Air Conditioning
www.sairac.co.za

IN PERSON SAIRAC TECHNICAL TALK (DURBAN CENTRE)

TECHNICAL TALK DATED: Thursday 25th July 2024

**VENUE: Westville Bowling Club 4001 William Leister Drive
Westville Durban**

TIME: 5:30 for 6pm

**PRESENTED BY: Stuart Williams and Ben Sieweke from
Carel Controls**

**TOPIC: Controls - including Smart cold and Pjez, EVD ice
and efficiency, CPCO and training, Carel intro and Mpx Zero**

We are happy to host:

Stuart and Ben are managers from Carel Control, South Africa. Founded in 1973, Carel Controls now comprises 38 subsidiaries, runs 15 production plants across the entire world and together with these partner and distributors in a further 75 countries. In 2023, Carel posted consolidated revenues of 650.2 million euros. Carel is one of the world leaders in controls for air-conditioning, refrigeration, heating and systems for humidification and evaporative cooling.

Carel's commitment is translated into compliance with standards and regulations by all its sites, in line with the relevant actions and best practices.

Snacks will be provided and a cash bar will be available.

RSVP: By Tuesday the 23 JULY 2024 (Essential)
