

SAIRAC

The South African Institute of Refrigeration and Air Conditioning

www.sairac.co.za

Dear SAIRAC Members & Industry Associates,

You are invited to our Cape Town Centre Technical Talk on Tuesday, 20th January 2026.

TOPIC: HERVAC PLC systems, hardware and software – presented by Ben Milne

Ben Milne is the Western Cape Manager at Keystar Industries - Refrigeration & HVAC controls specialist and has more than 20 years of experience in the industry. He brings expert knowledge on control & monitoring systems, fault finding and troubleshooting systems, including experience in ammonia, CO₂ systems, and technical training.

Ben is trade-tested and holds a diploma from OTTC. He is driven by a passion for quality, application engineering & client satisfaction - ensuring that every commitment made is fulfilled with technical precision and professional integrity.

Who Should Attend

- Refrigeration Technicians / Service Technicians
- Commissioning & Maintenance Teams
- Contract Managers / Site Supervisors
- Facility / Plant Engineers (Cold Stores, Food & Beverage, Pharma, etc.)
- HVAC-R Contractors & System Integrators
- Apprentices / Junior Technicians looking to deepen fundamentals

Attendees Will Gain

- Clear understanding of common control fundamentals
- Insight into PLC hardware and software
- Improved diagnostic and troubleshooting approaches
- Awareness of system conditions that lead to failure
- Faster on-site diagnosis and fault finding
- Confidence in communicating technical findings to stakeholders

Venue: Parow Golf Club – Frans Conradie Road - Parow

Date & Time: 20 January 2026 @ 18h00 for 18h30

Snacks will be provided, and Cashless Bar facility will be available

Please send **RSVP** to: capetownsecretary@sairac.co.za on/by **19th January 2026** before **12h00**
