

The South African Institute of Refrigeration and Air Conditioning

www.sairac.co.za

Dear SAIRAC Member & Industry Associate,

You are invited to our Durban Centre Technical Talk on Thursday, 27 August 2026.

TOPIC: Product Selection Guidelines and VRF Installation and Commissioning Basics presented by (Left) Alvin Cawthorn and (Right) Jacques Kriel from Dunham-Bush Africa

Alvin Cawthorn - Regional Sales Manager for KZN (Dunham-Bush Africa)

Alvin has been with Dunham-Bush since 2013 and in 2019 moved to Durban to establish a local branch to take over from an Agency.

Jacques Kriel - Commercial Sales Manager for KZN (Dunham-Bush Africa)

Jacques has been with Dunham-Bush for just over a year now and is in charge of all Commercial Product sales in the KZN Region. Prior to this he worked in sales for a Airconditioning Contractor and before that a self employed Electrician.

SYNOPSIS:

Alvin will be giving an overview of the Dunham-Bush product range across DX Split and Commercial Products as well as updates on R32 Refrigerant Changes coming. Offer a guideline into product selection trends and options available.

Jacques will be giving some insights into installation and commissioning procedures and steps that are often times overlooked and encouragement on when and how to engage with the manufacturer for support.

Venue: 21 Nipper Road, Pinetown, ACRA TRAINING COLLEGE - Upstairs Area

Date & Time: 27 August 2026 at 17:30pm for 18:00pm

Snacks and Cool drinks will be provided,

Please send RSVP to: Durbansecretary@sairca.co.za/ 0769101168 on/by the 25th August 2026 before 12h00

Jade Banks
